# MATÍAS RODRIGO BELLIDO

Actuarial Science Student (UBA) · Data Analysis & Operations
Buenos Aires, Argentina · +54 9 11 6830 0606 · rbellidomatias@gmail.com
linkedin.com/in/matiasbellido · matiasbellido.vercel.app · github.com/matiasbellidor

## PROFESSIONAL SUMMARY

Advanced Actuarial Science student (UBA, 50% completed) with strong analytical skills and commercial acumen, focused on data analysis for Operations. Uses Excel, SQL, Power BI and Python to analyze and interpret data that supports decision-making, and applies generative AI tools to automate workflows and improve productivity. Built a data pipeline that cut collection time by ~90% and automated operations for 3+ businesses.

## TECHNICAL SKILLS

**Data Analysis & BI:** Excel (Advanced: Pivot Tables, XLOOKUP, Solver, Financial Modeling) · SQL · Power BI · Looker Studio · Data Visualization · Dashboards

**Programming:** Python (Pandas, NumPy, Scikit-learn) · R · Jupyter · Git/GitHub

**Quantitative Methods:** Statistical Analysis · Probability · Risk Modeling · Financial Mathematics · Linear Programming

**AI & Automation:** Generative AI tools (Claude, ChatGPT) · Prompt Engineering · LLM APIs · n8n · ETL Pipelines · REST APIs

**Methodologies & Languages:** Process Improvement · Agile/Scrum · Spanish (Native) · English (Advanced, C1)

## PROFESSIONAL EXPERIENCE

**Founder & Operations Lead, Budgents (AI Automation)** May 2025 – Present

- **Automated operational workflows for 3+ SMB clients** with n8n and generative AI tools, reducing manual workload by ~40% (~15 hrs/week per client).
- **Built ~10 automated workflows and reporting processes** (data intake, client follow-up, weekly reports), improving data consistency and turnaround time.

**Import Operations Manager, Bellido Importaciones** Mar 2025 – Present

- **Run an electronics and fragrance import operation** (~40 orders/month, 3 international suppliers): sourcing, logistics, customs and local distribution.
- **Built an Excel landed-cost and pricing model** and a Looker Studio sales dashboard to track margins, stock and demand, sustaining ~30% gross margin.

**Founder, Bellido Asesoramientos (Academic & Fitness Coaching)** Jun 2023 – Present

- **Manage ~20 active clients and students,** tracking progress KPIs in Excel and teaching university-level Mathematics and Statistics (CBC UBA).

**Commercial Consultant, FIAT Argentina** Feb 2024 – Aug 2024

- **Managed a pipeline of ~60 leads/month in CRM,** using consultative negotiation to meet monthly sales and billing KPIs.

**Customer Experience, Arcos Dorados (McDonald's)** Dec 2024 – Nov 2025

- **Executed standardized processes under time and quality metrics** in a high-volume environment, coordinating with the team to meet service and sales targets.

## DATA PROJECTS

**Financial Data Pipeline & Risk Analysis (Python)** Dec 2025 – Present

- **Automated market-data collection** via the Yahoo Finance API, cutting collection time by ~90%, and built rolling-volatility models to measure asset risk.

**NutriOps — Cost Optimization Model (Excel Solver)** Dec 2025

- **Built a linear programming model** that minimizes meal-plan costs under nutritional constraints, fed with supermarket prices collected via web scraping.

## EDUCATION

**University of Buenos Aires (UBA) — Actuarial Science** Apr 2024 – Oct 2028 (expected)

- **50% of the degree completed.** Coursework: Probability & Statistics, Statistical Analysis, Financial Mathematics, Linear Algebra, Actuarial Scientific Computing (Excel, SQL, Python).
- **Built a Python (NumPy) algorithm** to compute eigenvalues and eigenvectors automatically (Applied Mathematics I).

## CERTIFICATIONS

**Data & Analytics:** Data Science Methodology (IBM) · Data Science Tools (IBM) · Power BI (Santander) · Introduction to Data Science (Santander)
**AI (Anthropic):** AI Fluency: Framework & Foundations · Claude Platform 101 · Claude Code 101 · Model Context Protocol
**Business:** Finance (FEMSA) · Agile Management · Negotiation · Storytelling (Santander Open Academy)
